Bio Garden

Carnayo Restaurant & Bar
Our garden directly ...to your dishes!
Purity & fine quality of products

Knowing that the ideal climate and fertile land of Skiathos offer exceptional quality and unparalleled in taste produce, we have started growing organic vegetable crops and vegetables.

From there, the agronomist with his well-trained team, supply daily Carnayo's chef with the finest materials, covering entirely the needs of the kitchen of the restaurant.

In our restaurant we believe in superior nutritional value of organic products, we give priority to healthy diet and we are committed to provide fresh, quality dishes and fine Mediterranean cuisine that will consist mainly of organic and local products.
